

Problem Solution fit

WHAT IS THE PROBLEM

Now a days users were getting out dated on fashion for that reason, In this project we are going to recommend trending fashion to the users to get updated on fashion.

We have come up with a new innovative solution through which you can directly do your online shopping based on your choice without any search. It can be done by using the chatbot.

In this project you will be working on two modules :

1. Admin and
2. User

SOLUTION

We have coming up which it helps brands render styles for 3-D customizable digital body models. “When customers try on clothes, the experience usually results in more sales.

Also included chatbot to clarify users queries and to recommend rightful fashion to the user.

OPTION 1

We have included preview images to show how it will appear.

OPTION 2

We recommend a full set of outfit to the user based on the information given by the user.

OPTION 3

In this project we included chatbot to track or clarify user queries .
